# A BIG THANKS TO

YOU

# Introduction

HPL is a leading manufacturer and exporter specializing in high-quality plastic pipes and fittings. We provide an extensive range of PVC (Polyvinyl Chloride) and PE (Polyethylene) products designed for a variety of applications, including housing, agriculture, telecommunications, industry, and more. Our unwavering commitment to quality control and exceptional customer service sets us apart.

Our talented and dedicated team strives for excellence and perfection in every product we create. Adhering to international standards, all our products are lead-free and eco-friendly.

HPL is a brand synonymous with quality, proudly made in Mauritius for the global market.

## About Us

Founded in January 2007, we are a private company based in Mauritius. In our ongoing expansion, HPL has been investing in local pipe and fitting manufacturing since 2012. We have adopted cutting-edge, fully automated machines and technologies to enhance our production capabilities. Our products are distributed both locally and exported to neighboring countries, including Seychelles and Madagascar.

*Today, HPL pipes are recognized as the preferred brand for PVC and PE pipes. This achievement is credited to our dedicated and highly trained team, who work tirelessly to deliver superior products that consistently meet and exceed customer expectations.*
